

### **Tanya Marin-Lopez**

Tanya Marin-Lopez graduated from California State University, Northridge and received her B.S in Public Health and minored in Lactation. She has coached and coordinated Adverse Childhood Experiences (ACEs) and Social Determinants of Health (SDOH) screening and response implementation at LA County DHS pediatric and family medicine clinics. Her professional interest are data analysis for quality improvement, mother-child dyad health care, and trauma-informed care. After gaining valuable work experience, it was clear for her she wanted to pursue her Masters in Public Health.
